

TRUE SPOT

It Starts with Location...

Your entire front-line operations, now fully integrated and digitized into one powerful dashboard.

- Instant location of Cars, Keys, Plates and more
- Expedite and automate opening and closing procedures
- Reduce customer friction points and undue waiting
- Real-time lot management and floor-planning
- Theft detection
- Fast track floor plan audits and online photos
- Extensive integrations with Inventory, GPS, and Key machine partners to make LM360 your total operations hub

LOT MANAGEMENT 360™

Discover how Geo-Intelligence drives efficiency and savings!
